Trust & Know-how

30+ Years of Breakthroughs, Excellence Unmatched

Dear Valued Clients,

We are pleased to provide you with an overview of the Semac Group, highlighting our two specialized companies: **Semac Construction S.A.** and **Semac Automation S.A.**.

This newsletter aims to clarify our organizational structure and offer useful information about our services and contact details.

About Semac Group

With over 30 years of trust and know-how, Semac Group has established itself as a leader in providing comprehensive solutions in

the fields of construction and automation.

Our Companies

Semac Construction S.A.

As an internationally recognized contractor and manufacturer, Semac Construction specializes in the Oil & Gas Industry. We undertake electro-mechanical Engineering, Procurement, and Construction (EPC) contracts, delivering complete metering, regulating and analyzer solutions for gases and liquids.

Semac Automation S.A.

Semac Automation leads in measurement instrumentation, services, and solutions for industrial process engineering. We provide process solutions for flow, level, pressure, temperature, analytics, drives, recording, and digital communications, optimizing processes in terms of economic efficiency, safety, and environmental impact.
